---

Regular members have the **option** of participating in the OPEI shipments program. However, the member must either participate in **all** categories that exist for products the company and its affiliates produce or sell in the U.S., or participate in none and receive no shipments data.

Acceptance for regular membership is contingent upon submission of sales data to the outside accounting firm. The firm will calculate annual dues based on those reported sales. Upon approval by the Board of Directors, a one-time membership application fee of \$250 and the pro-rated annual dues become payable.

(The reduced member rates for exhibit space at GIE+EXPO will apply to all organizations that are OPEI members by October 1 of the year preceding the show).
